

PetTrack

Protecting Your Pets 24/7

PetTrak is the most reliable and accurate way to locate much loved family pets when they go missing. Small, lightweight and water resistant, it attaches comfortably to your pet's collar and pinpoints its location on demand in real time via the internet or on your mobile phone.

You can also program and activate your own security zone so that when your pets strays from the zone, you will receive an alert message by either SMS or email immediately.

Features

- ❖ Small and lightweight (60g)
- ❖ Water resistant
- ❖ Personalised safety alert zones
- ❖ Long battery life
- ❖ Assisted Global Positioning System (AGPS)
- ❖ Real time location request
- ❖ Travel path history
- ❖ Durable and secure pouch collar attachment
